

Kupidabin News Update April 2020

Dear Wilderness Friends,

We have closed our doors and all bookings have either been cancelled or postponed until further notice and/or advice from the Australian Government that business may resume once again. Whilst we now have been afforded this time to be able to reflect, resolve and recreate programs that would reinvigorate Kupidabin Wilderness.

We all, are very much aware of the recent call for us to stay home and stay safe, because of the Global Contagion, though on the brighter side of things this time has allowed us to catch up with land maintenance and plan our programs, once the contagion has been laid to rest.

Peace Fire Ceremony continues to be held on the 7th Day of every month at 7pm at Kupidabin Wilderness, and until restrictions are lifted from 2 people physically attending please light a candle at home and join with us in prayer for all those affected in so many ways by CV and pray for the end of this insidious virus.

Proposed Programs and New Beginnings For your comments

Purification Ceremony: Protective Combinations: Of aromatics, were used during the Great Plague, to drive out sickness from the cities in Europe. In London houses and workplaces were fumigated with aromatics on a daily basis and this reportedly protected the citizens. In this instance the Protective Anointing oils welcomes those onto this sacred country, and to stave away sickness whilst prayer appeals to Creator for healing.

Sacred Anointing Oils: It was believed that a certain combination of essential oils were used to anoint kings and leaders: priests also used them for healing purposes. This combination is a symbol of your faith in Creator and of Creators ability to cleanse and make things holy.
